4.3

4.2 Most important symptoms and effects, both acute and delayed

Indication of any immediate medical attention and

IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF

exposed or concerned: Get medical advice/attention.

IF ON SKIN: Remove contaminated clothing and wash all affected areas with plenty of water. Contaminated clothing should be thoroughly cleaned. If skin irritation or rash occurs: Get medical advice/attention. IF exposed or concerned: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if eye irritation develops or persists.

If swallowed, rinse mouth with water (only if the person is conscious). Do not induce vomiting. IF exposed or concerned: Get medical advice/attention. May cause an allergic skin reaction. May damage fertility. May damage the

unborn child. May cause harm to breastfed babies. Contact with flux or fumes may cause local irritation. High atmospheric concentrations may lead to adverse effects on the central nervous system and anaesthetic effects, including drowsiness, giddiness, headache, nausea and unconsciousness. Lead is a cumulative poison and continuous exposure to small amounts over time can raise the body's content to toxic levels. Symptoms of lead poisoning include abdominal pain, nausea, vomiting and headache. May cause gastrointestinal tract irritation if swallowed. Lead poisoning may cause lassitude, weight loss,

anemia, nausea, vomiting, central nervous system damage.

Treat symptomatically. In case of burns immediately cool affected skin as long as possible with cold water. If thought to be overexposed, the person should have a blood-lead analysis done. Patient should be kept under medical

observation for at least 48 hours.

5. SECTION 5: FIREFIGHTING MEASURES

5.1 Extinguishing media

Suitable Extinguishing media

special treatment needed

As appropriate for surrounding fire. Extinguish preferably with foam, carbon dioxide or dry chemical.

Unsuitable extinguishing media

Do not use water on fires when molten metal is present.

5.2 Special hazards arising from the substance or mixture

Decomposes in a fire giving off toxic fumes: Formaldehyde. High temperatures may produce heavy metal fumes, dust and/or vapor.

5.3 Advice for fire-fighters

Fire fighters should wear complete protective clothing including self-contained breathing apparatus. Do not breathe fumes. Keep containers cool by spraying with water if exposed to fire. Avoid run off to waterways and sewers.

6. **SECTION 6: ACCIDENTAL RELEASE MEASURES**

6.1 Personal precautions, protective equipment and

emergency procedures

Ensure adequate ventilation. Use personal protective equipment as required. See Section: 8. Melted solder will solidify on cooling and can be scraped up. Avoid breathing smoke fumes during soldering. Use caution to avoid breathing fumes if a gas torch is used to cut up large pieces.

6.2 **Environmental precautions** Avoid release to the environment. Do not allow to enter drains, sewers or watercourses. Spillages or uncontrolled discharges into watercourses must be alerted to the Environment Agency or other appropriate regulatory body.

6.3 Methods and material for containment and cleaning

up

Reference to other sections 6.4

Allow product to cool/solidify and pick up as a solid. Transfer to a container for disposal. Recover or recycle if possible. Dispose of this material and its container as hazardous waste.

See Section: 8, 13

7. **SECTION 7: HANDLING AND STORAGE**

7.1 Precautions for safe handling Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Avoid all contact. Avoid breathing smoke fumes during soldering. Use caution to avoid breathing fumes if a gas torch is used to cut up large pieces. When molten: Keep from any possible contact with water. Ensure adequate ventilation. Use personal protective equipment as required. See Section: 8. Do not eat, drink or smoke when using this product. Wash hands before breaks and after work.
