lenses, if present and easy to do. Continue rinsing. Get medical attention if eye

irritation develops or persists.

Ingestion Rinse mouth. Do not induce vomiting. Do not give anything by mouth to an

unconscious person. If symptoms develop, obtain medical attention.

Causes skin irritation. May cause an allergic skin reaction. Causes serious eye

irritation.

Treat symptomatically.

for metal fire.

Unsuitable extinguishing media

Do not use water jet. Direct water jet may spread the fire.

5.2 Special hazards arising from the substance or mixture

May decompose in a fire giving off toxic fumes. Carbon monoxide, carbon dioxide, Aluminium oxides and phenolics. Sealed containers may rupture explosively if hot. Dense smoke is emitted when burned without sufficient

oxygen.

5.3 Advice for fire-fighters Fire fighters should wear complete protective clothing including self-contained breathing apparatus. Do not breathe fumes. Keep containers cool by spraying with water if exposed to fire. Avoid run off to waterways and sewers.

#### 6. **SECTION 6: ACCIDENTAL RELEASE MEASURES**

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Stop leak if safe to do so. Eliminate all ignition sources if safe to do so. Use personal protective equipment as required. See Section: 8. Avoid breathing vapours.

6.2 **Environmental precautions**  Avoid release to the environment. Do not allow to enter drains, sewers or watercourses. Spillages or uncontrolled discharges into watercourses must be alerted to the Environment Agency or other appropriate regulatory body.

6.3 Methods and material for containment and cleaning Adsorb spillages onto sand, earth or any suitable adsorbent material. Transfer to a container for disposal. Ventilate the area and wash spill site after material pickup is complete. Dispose of this material and its container as hazardous waste.

6.4 Reference to other sections See Section: 8, 13

#### 7. **SECTION 7: HANDLING AND STORAGE**

7.1 Precautions for safe handling

Avoid contact with skin, eyes or clothing. Avoid breathing vapours. Ensure adequate ventilation. Use personal protective equipment as required. See Section: 8. Do not eat, drink or smoke when using this product. Wash hands before breaks and after work.

Store in a well-ventilated place. Keep container tightly closed. Keep away from

heat, sources of ignition and direct sunlight. Protect from moisture.

7.2 Conditions for safe storage, including any

incompatibilities

Storage temperature Storage life

Incompatible materials

Stable under normal conditions.

Keep away from: Acids, strong bases, Amines and mercaptans. The following

may occur: Hazardous Polymerization.

8.2.1 Appropriate engineering controls Ensure adequate ventilation or use appropriate containment. Atmospheric levels should be controlled in compliance with the occupational exposure limit. Have available eyewash bottle with clean water.

8.2.2 Individual protection measures, such as personal protective equipment (PPE)

General hygiene measures for the handling of chemicals are applicable. Avoid contact with skin, eyes or clothing. Avoid breathing vapours. Wash hands before breaks and after work. Keep work clothes separately. Contaminated clothing should be thoroughly cleaned. Contaminated leather articles should be discarded (e.g. shoes). Do not eat, drink or smoke at the work place.

Eye/ face protection

Wear protective eye glasses for protection against liquid splashes. Wear eye

protection with side protection (EN166).

Skin protection

Hand protection: Wear impervious gloves (EN374). Gloves should be changed regularly to avoid permeation problems. The gloves type used must be chosen based on the work activity and duration as well as concentration/quantity of material being handled. Recommended: Neoprene.

Body protection: Wear impervious protective clothing, including boots, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

Respiratory protection

In case of inadequate ventilation wear respiratory protection. Open system(s):
